Terms made known of sale day.

C. L. FORD, Auctioneer.

MAIN SEAPORT OF BULGARIA ON BLACK SEA

Is Varna, a Capacious Inlet, According to Country's National Geographers.

(SPECIAL TO THE TELEGRAMS)
WASHINGTON, Oct. 19.—Varna, the latest port city to feel the burdens of war, Bulgaria's Black sea port, is described as follows in a war primer just given out by the National Geographic Society:

"Varna is the first seaport of Bulgaria. It is situated in the north, near the present boundary of Rumania, on the Bay of Varna, a capacious, sheltered inlet of the Black sea. It is connected by rail with all of the important regions of the country which it has long served as principal outlet. It possesses an incomparably finer harbor than Dedeagatch, the Aegean port of Bulgaria, from whose development so much future advantage is expected. It lies within easy steaming distance of Russia's naval port, Sevastopol, being about 300 miles distant.

Third City.
"The port is the third city of the kingdom, ranking after Sofia and Philippopolis, and it has been strongly fortified. It has played an important part in Bulgaria's military history, as the chief point in the so-called 'Varna quadrilateral,' which formed the basis of Bulgaria's defense toward the north and east before the loss of Dobruja to Rumania after the treaty of Bucharest. The quadrilateral was composed of Varna, Shulma, Rustchuk, and Silistria. Silistria is now well within the Rumanian frontier, close upon the Danube. Rustchuk, Shulma and Varna now form a triangle of fortresses, stretched along the northeastern Bulgarian frontier.

"Varna is 325 miles by rail northeast of Sofia, the capital. It is connected with Rustchuk, in the northwest, and with Sofia in the west, by trunk line railways, while branches connect it with central and southern parts of the kingdom. The railway from Rustchuk was opened in 1867, and with its coming began the city's prosperity. Burgas, south of Varna, has given its strenuous competition during recent years.

Built on Hills.
"The city is built on the hilly hilly northern shore of the bay,

which, besides offering peculiar facilities for defense, makes it very picturesque. At its foot, the River Devna cuts through the mountains to the sea, and all around the hills shut in the valley and the port. Despite considerable modern effort at improvement, the city plainly shows its age, and its irregular, ill-paved streets, lined with outworn buildings, breathe the peace of a forgotten valley. Several industries, however, have penetrated to the city and modern restlessness and modern smartness stand just before, as the prosperity of the kingdom and of its first port grows. Varna has a population of about 38,000.

"Dairy products, grains, cattle, dressed meats, lamb and goat skins, and a rough cloth are the principal exports of the place, and its imports are chiefly petroleum, coal, iron and iron ware, machinery, textiles and chemicals. It does an annual business of nearly \$4,000,000 and is visited during the year by about 1,000 ships of an aggregate 1,000,000 tons. The largest number of these vessels are Bulgarian, while Austria-Hungary has been represented by the largest tonnage. There are tanneries, cloth factories and distilleries in the city. Nearby, among the hills, is the summer palace of the king."

LETTERS

Unclaimed at the Local Post-office Are Advertised by the Postmaster.

Following is a list of letters advertised at the postoffice:

ATE ONLY RAW EGGS; NOW FEELING FINE

S. D. Martin of Elkton, O., suffered with stomach troubles and difficulties in his digestive tract. He lost weight and his appetite was bad.

He took one dose of Mayr's Wonderful Remedy and was swiftly restored—with one dose. Seven months later he sent an order for more, saying:

"Since taking your remedy I have not been bothered any to speak of with my stomach. Before I had had headaches and dizzy, weak spells, of which I am almost free. I have gained fifteen pounds since taking the one dose. It is not that I need the medicine now that I am sending. I am simply going to take it as a preventive. My wife induced a lady friend to try it. She had been eating only a raw egg or cracker or two, and often could not keep them down. This lady used your remedy and it has almost cured her."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

Sewing Circle With Much Whispering

Before the stork arrives there is much to talk about. The comfort of the expectant mother is the chief topic. And there is sure to be someone who has used or knows of that splendid external help, "Mother's Friend." It is applied to the abdominal muscles, gently rubbed in and has a most pronounced effect as a lubricant. It soothes the network of nerves, enables the muscles to expand naturally, relieves strain on the ligaments and thus sets at ease any undue strain on the organs involved. And it does this with perfect safety. Expectant mothers thus go through the ordeal with comparative ease and comfort. Knowing mothers who have used "Mother's Friend" speak in glowing terms of the absence of morning sickness, absence of strain on the ligaments and a freedom from many other distresses.

One of the most important symptoms to be relieved by "Mother's Friend" is the imagination that so often disturbs repose. Pains, even though natural, may so distort the mind that undue apprehension will sometimes follow. The gentle, soothing influence of "Mother's Friend" gives the mind substantial aid to become conscious of strength and there is a real, physical sensibility of muscular vigor as evidenced by freedom from undue strain.

You can get "Mother's Friend" at any drug store or they will gladly get it for you. Write today to Bradfield Regulator Co., 711 Lamar Bldg., Atlanta, Ga., for a highly instructive book of great value to all expectant mothers. It contains a valuable expectancy chart, rules on diet and is brimful of suggestions that all women will appreciate.
